

SPANISH WAR VETERANS
TAKE NEW QUARTERS

Lease Sixth Street Hall for Five Years.

Today was moving day for the Spanish War Veterans. Since the organization of the society, the veterans have occupied a small dingy looking hall, at 612 E. Street northwest. After having been there three years, they decided to rent another hall, and this morning bright and early, the moving vans backed up to the E Street quarters and began transporting the furniture and hall fixtures to the veterans' new home at 719 Sixth Street northwest.

The new hall was leased to the veterans for five years, and Mustering Officer Isaac N. Dolph, who obtained the new place of abode, was informed that the occupants would be permitted to purchase the place at the expiration of the lease, or before, if they wished to. It is believed the veterans will purchase the place as a permanent home.

Although there was a large quantity of furniture and assembly room fixtures in the E Street hall, the veterans purchased more new fixtures and intend to make a model hall of their new home. Each of the commands of the organization will be assigned a meeting room, and there will also be a large general meeting room. If there should be any rooms left vacant, after everyone connected with the Spanish War Veterans has been cared for, they will be sublet to outside patriotic or military organizations.

HYATTSVILLE NOTES.

HYATTSVILLE, Md., July 1.—James Miller of the Chillum neighborhood, is a candidate for road commissioner, subject to nomination by the Democratic county convention. To prevent him carrying his district, J. Enos Ray, Jr., a young attorney of his neighborhood, came out for delegate to the Legislature and John F. Hickey, of Hyattsville, for sheriff.

In last week's "Independent," Mr. Miller proposed to select as a compromise, to prevent friction in the party that might be disastrous in the event of a close election, five delegates to the county convention from among the representative Democrats who have taken no part in the factional contests, naming five prominent citizens conforming to the standard. This proposition attracted very considerable attention, but it now seems to be the opinion that it will be ignored.

The removal of R. W. Brooke, candidate for re-election to the Legislature, from Kent district into Bladensburg district, where there is already another candidate for re-election to the same office, R. W. Wells, seemed to be a disturbing factor in the contest. Mr. Brooke, however, says his residence in Bladensburg district is only temporary and his fight will be directed to the procurement of a delegation in Kent district, where William A. Chaney, candidate for sheriff, vigorously opposes him.

The fact that Benjamin D. Stephen, who for a year or so has been electioneering for the Democratic nomination for county treasurer, has now left that trail and is seeking the nomination for county clerk creates a mild sensation. The general construction of Mr. Stephen's change of base is that Prince George county is very likely to have a Republican county treasurer.

In a game of baseball yesterday at Riverdale between the local team and the Junior Hyattsvilles and when the score stood 11 to 7 in favor of the Riverdales, Louis Whiting, of Hyattsville, had his knee dislocated in the attempt of Charles Whalley to slide into third base. He was brought home and upon the advice of Dr. Richardson was sent to Columbian University Hospital.

Mrs. M. Du Val Dickey is confined to her bed with inflammatory rheumatism. Lester and Walter A. Brooks are visiting George Holland, Johnson Avenue.

Miss Maguire, of Brooklyn, is visiting her aunts, Claire and Marguerite Mattingley, Johnson Avenue.

Cora Hunnicutt, of Apex, N. C., is visiting Mrs. J. P. Medlin, Littlefield Avenue.

Nellie Bishop, of Washington, is visiting Adelaide Quisenberry, Columbia Avenue.

PROFESSOR WEDS PUPIL.

SYRACUSE, July 1.—Dr. William E. Taylor, professor of mathematics at Syracuse University and Mabel Clara Smith, a sophomore at the university, were married yesterday at the home of the bride's parents, 722 Irving Avenue. Mrs. Taylor will return to college in the fall and finish her course.

Fourth of July Rates.

The Southern Railway announces very low excursion rates between all points on its lines, amount Fourth of July. Tickets on sale July 2, 3, and 4; final limit July 5, 1933.

FOREIGN COMMERCE
BUREAU TRANSFERRED

Advance Sheets and Consular Reports to Be Published Hereafter by Department of Commerce.

In accordance with the provisions of the act creating the Department of Commerce and Labor, the Bureau of Foreign Commerce was today transferred to the new department and consolidated with the Bureau of Statistics transferred from the Treasury Department.

The latter bureau will hereafter publish the daily advance sheets and other consular reports upon the same general plan as that developed by the Bureau of Foreign Commerce and carried by it to a point of efficiency which has elicited strong commendation on the part of the newspaper press and of business interests both in this country and in Europe.

The members of the staff of the Bureau of Foreign Commerce who will go to the Department of Commerce and Labor are Michael Scanlan and Charles M. Miller, clerks; W. T. Wolfe, packer; William Savoy and Andrew J. O'Neill, laborers.

Frederic Emory, chief of the Bureau of Foreign Commerce, has resigned to accept the position of chief of the new Bureau of Trade Relations in the State Department, provided for by section 11 of the Department of Commerce act. The vacancy has been filled by the appointment by Secretary Cortelyou of James C. Monaghan, formerly consul at Chemnitz, Germany, as chief of the division of consular reports in the Bureau of Statistics.

Mr. Emory relinquishes the work of editing and publishing the consular reports, which he has been identified for the past nine years, during some sixteen months of which (from February, 1928, to May, 1929) he also served by special appointment as Director of the Bureau of the American Republics.

As head of the Bureau of Trade Relations, he will have charge of collecting for and transmitting to the Department of Commerce and Labor the reports of consular officers which may be asked for by that department or may pertain to its work, and in addition, by order of the Secretary of State will perform other duties arising in the conduct of our foreign intercourse, such as the compiling of information as to commercial and industrial conditions in other countries for the use of the Department of State, etc.

The Cole Younger-Frank James Wild West Show, of Indiana, horses, Cossacks, Mexican vaqueros, cowboy bands, cowgirls, skilled horsemen and marksmen, will give a series of exhibitions in Washington tomorrow at Fifteenth and H Streets northeast.

The program includes quadrilles on horseback, mimic attacks on settlers' cabins and stage coaches by bands of Indians, dances that are part of the religious rites of the Sioux and other Indians, feats of horsemanship by Cossacks and Mexican vaqueros in competition with American cowboys and other features of the Wild West.

The display requires thirty-three rail-road cars to haul it about the country. In the show are 700 horses, 500 equestrians and equestriennes, and 300 Indians. Frank James will appear in the arena at every performance and Cole Younger occupies an equally conspicuous part in the exhibition.

Damage But \$300. ALEXANDRIA, Va., July 1.—The prolonged blowing of steam engine whistles at the Southern Railway shops here, followed by the ringing of fire bells awakened the inhabitants about 3 o'clock this morning. The alarm was sounded upon the discovery of a fire in the temporary blacksmith shop in the yards in Upper Duke Street. The engines quickly responded. The fire partially destroyed the blacksmith's shop, and also a freight car used as a place for storing paint. The damage will not exceed \$300.

Wrecked a Train. Guard Smith came here yesterday from the penitentiary at Richmond, and took back to that institution Richard Hamilton, who was recently convicted by a Fairfax jury of wrecking a train at Ravenworth, by which Engineer Purvis and Fireman Wigginton were killed.

Police Court Cases. The following cases were disposed of in the mayor's court this morning: Andrew Diggs, a negro, arrested by Policeman Young for beating his wife, was fined \$5.

John Dogans, a negro, arrested by Policeman Lyles for beating Hallie Conway, also a negro, was fined \$5.

Hallie Conway was sent to the workhouse for thirty days.

To Manufacture Bricks. In the corporation court, Judge Louis C. Barley presiding, the charter of the American Granite Brick Company was approved. The object of the company, as set forth in the charter, is the manufacture and sale of bricks and clay products by the Huacoles patent system in eastern Pennsylvania, eastern Maryland, the District of Columbia, Virginia, North Carolina, South Carolina, Georgia, Florida and Alabama. The officers named in the charter are: President, C. E. Wood, of Washington; vice president and general manager, J. P. Martin, Jr., of Washington; treasurer, Harry E. Cason, of Alexandria. These gentlemen with L. P. Zwaszowski, of New York constitute the board of directors.

New Officers Elected. George Washington Tent, No. 1012, Independent Order of Rechabites, has elected the following officers for the ensuing year: L. Lyles, shepherd; W. Penn, P. C. R.; N. Evans, C. R.; James Hughes, D. R.; H. Baker, levite; S. Cuvillier, recording secretary; C. Griffin, financial secretary; E. Padgett, inner guard; J. Hughes, outer guard. The installation of these officers will take place next Monday night and they will be installed by C. Griffin, D. D. P. C. R.

Many Licenses Issued. In the month of June the clerk of the corporation court has issued fifty marriage licenses—23 to white and 17 to negro persons. The clerk also recorded 61 deaths the past month.

Shut Down for Summer. The Old Dominion Glass Company and the Bel Pre Bottle Works have shut open in September.

In Corporation Court. In the Alexandria corporation court the following was disposed of yesterday by Judge L. C. Barley: Davis vs. Davis, from the circuit court of Prince William; decree setting aside former decree and also report of Commissioner Sinclair.

The Rev. W. J. Howard, a negro minister, was granted permission to marry persons in Alexandria.

A jury to try Thomas Blandin, charged with the murder of John Green, was summoned for Thursday.

Draw Interest on Your Money. Banking department of Union Trust and Savings Co., 1414 F St. NW, pays interest on deposits subject to check at will.

NEWS OF RAILROADS
AND OF RAILROAD MEN

Buying Land.

The Pennsylvania Railroad is buying large quantities of land at Trenton, N. J. The land, it is stated, is for the building of immense car shops, and that all the shops located between Trenton and Newark, and probably those located on the New York division, near Philadelphia, will be brought to Trenton.

The land was bought in the name of B. C. Kuser, a brother of Col. A. R. Kuser. It is estimated that about \$2,500,000 will be spent in putting the plant in shape.

Trenton is rapidly becoming a great industrial center. A Pittsburgh manufacturing is negotiating for a large tract of land in the southern section of the city along the banks of the Delaware.

Home Again.

Col. L. S. Brown, who has been out of town on a vacation, returned yesterday. He visited Bluemont and the "Adirondacks of the South," in the "Land of the Sky Country," in North Carolina.

Summer Excursions.

All railroads are planning the regular summer excursions to the ocean and they are to begin in a day or two.

Building Street Cars.

The Capital Traction Company has just completely twenty new cars at their Washington shops, which were recently put into service.

Supt. D. S. Carl has had the work in charge, and it is his intention to build a number of new cars for winter service. In fact, he has already begun the work of renovating winter cars, and many improvements will be made on those to be operated next winter.

For a number of years the Capital Traction Company purchased its cars from builders in other cities. While the cars were satisfactory in many respects,

there were certain defects which the local company desired to have obliterated. Consequently, it was decided to have the cars built here.

Orders for equipment were issued, and the work of construction was begun. Ten men have been working on the summer cars, with the result that the motormen and conductors are more than pleased with the work. Equipment for winter cars has been ordered, and by the time snow flies the company will place a half hundred practically new cars in service.

Will Inspect Track.

President Spencer and Second Vice President W. W. Finley, of the Southern Railroad, left Washington today for a trip South to Orange to look over the work recently done in double tracking the line.

More than 2,000 men have been at work since last April constructing a parallel line between Alexandria and Orange. Colonel Dodson, superintendent of construction work, has had the work in hand, and it is the purpose of the company to operate the new line by the 1st of August.

President Spencer arrived in Washington last night from New York. He was met at the depot by Mr. Finley. Mr. Spencer said:

"As soon as the Washington division is completed, it is the purpose of the Southern road to complete its double tracking through to Atlanta. This will not be done in a continuous section, but will be built by divisions, and later on these will be joined together. More than \$25,000,000 will be expended in the work."

Special Agent.

G. Gauntt has been appointed special agent of the general freight department of the Pennsylvania Railroad.

ANTHONY HOPE BECOMES
"PRISONER OF ELIZABETH"

LONDON, July 1.—Elizabeth Somerville Sheldon, of New York, and Anthony Hope Hawkins, the author, were married in St. Bride's Church, Fleet Street, today.

Fleet Street has seldom seen a gayer crowd than that which attended the nuptials. The best known literary people, as well as those prominent in London society, were among the guests. The church, of which the bridegroom's father is vicar, was brilliantly decorated for the occasion.

The bride was beautifully gowned and was attended by six bridesmaids. The Bishop of Stepney officiated. After the wedding a reception was given at the Salisbury Hotel.

TO MAKE ALASKA GOOD.

TACOMA, Wash., July 1.—By order of President Roosevelt, gambling and the opening of saloons on Sundays are absolutely prohibited in Alaska.

U. S. Marine Band at Chevy Chase Lake in grand concert every evening, beginning at 7:30 p. m. Dancing to excellent music of Marine Band in pavilion from 9 until 11.

MR. RYAN RETURNS
TO HIS DESK

Thomas Ryan, Assistant Secretary of the Interior, was at his desk this morning and transacted routine business. Mr. Ryan shows the effects of his recent severe illness, but has recuperated rapidly, and expects to be able to catch up with his work in a few days.

The heads of the divisions, and a number of personal friends, called on the Assistant Secretary this morning to congratulate him upon his recovery.

STABBED WITH SHEARS.

NORRISTOWN, Pa., July 1.—Nicholas Pier was arrested here after Frank Gieger was carried from his barber shop to the hospital. Gieger had been seriously stabbed. A pair of shears was the weapon of offense. It is said that Pier and Gieger were rival suitors for the hand of a prepossessing girl.

Excursion to Luray and Caverns.

Only \$2.50. For the round trip, including admission to caves, via Baltimore and Ohio Railroad, Sunday, July 5.

EIGHTEEN MEN SHAVED
IN THIRTY MINUTES

Unprecedented Feat of One of Washington's Knights of the Razor.

Eighteen beards—black, brown, and strawberry blonde—vanished from the faces of as many men yesterday in thirty minutes, under the skillful razor of Paul Di Marzo, who hangs out his barber sign at 478 Pennsylvania Avenue. Such a feat has probably never before been accomplished in Washington. Just thirty minutes after the lather was slapped on the first man time was called, and eighteen men walked out of Di Marzo's shop, meditatively rubbing their chins.

Making the Razor Fly.

The first beard up went down in one minute and thirty seconds. Wielding his razor with long, swift strokes, Di Marzo increased his pace until he shaved the sixth man in fifty-eight seconds.

The hardest beards came when all the young men were used up, and the wrinkled-faced old fellows were tumbled into the chair. Two minutes and twenty-five seconds was the longest time given to any one man, and the razor on his beard made a noise like a good-sized buzz saw. While the fourteenth man was being shaved it was discovered that all the in-

vited guests had had their beards removed.

Afraid of His Life. A dive into the crowd, and the owner of a scraggy beard was rushed into the chair protesting that he didn't want to have his throat cut. None was cut, however, not even clipped. It was with difficulty that one old fellow was restrained from paying for his shave.

After the half-hour contest was over Di Marzo gave an exhibition of what he could do on one man. In the incredible time of forty-eight seconds the barber cleaned his man and dumped him out of the chair.

GUN EXPLODES; BOY KILLED.

NORRISTOWN, Pa., July 1.—Howard, the fourteen-year-old son of Lewis Evans, of Limerick, was instantly killed yesterday by the accidental discharge of his gun. The boy had a double-barrel shotgun, and had gone out in the fields to shoot birds. He had discharged one barrel and while reloading the other barrel was accidentally discharged. The load of birdshot struck the boy in the head.

GOLDENBERG'S, Seventh and K.

Bargain Thursday's All-Important Offers for "the Fourth"

Our preparations for tomorrow's weekly event have been among the wants for "the Fourth." The first aim of Bargain Thursday is to help people save money—and with the many needs for next Saturday's outstanding demanding prompt attention tomorrow's great list of big bargains will prove doubly welcome.

Men's Suits for "the Fourth"

Two special offerings that will prove welcome news to men who want stylish, dependable clothing at a low price. Every Suit is "INSURED" which means the strongest possible guarantee of satisfaction.

Two-Piece Suits, \$4.50

150 of them. Just the kind for the Fourth and for hot weather wear generally. A good variety—comprising all-wool flannels and crashes, in light and dark colors. Coats are well tailored, trousers have cuff bottoms and bel straps. To buy as good a suit elsewhere will cost \$7.50. These at \$4.50 for Bargain Thursday.

Men's Suits at \$10.75

A special offering of Men's Suits of finest imported and domestic worsteds, plain and fancy cassimeres; a great variety of Fancy Chevots, and our "Insured" Serges. All are "Insured." Tailored in best style. Coat with broad shoulders and hand-padded collars. Values in the lot worth up to \$18, for \$10.75 tomorrow.

"American Lady" Sample Corsets at Remarkable Prices

We have secured the traveling salesmen's samples of the famous "American Lady" Corsets—numbering 35 dozen in all. They are of batiste, ventilating net and coutil, in medium, short, girdle, and dip hip effect with garter attachment. The entire purchase is divided in two lots:

Lot 1==69c

Values Worth \$1.00 to \$2.00 Values Worth \$2.25 to \$3.50

They're "samples"—and, therefore, in sample sizes only—21 and 22. Such an opportunity seldom occurs—and women who can be fitted will be prompt to respond.

A Rousing Response to the Sale of Smith's Carpets.

High-Grade Axminster, Brussels and Velvet Carpets at Half Price and Thereabouts.

As we said yesterday, these Carpets were in the Philadelphia warehouse during a fire, and were closed out to us at a fraction of regular cost. We had the pick of the sale, buying only these Carpets which escaped material injury. The unquestioned reputation of the Alex. Smith Carpets brought out a great crowd of buyers bent upon securing first choice of the remarkable bargains.

Equally as good at assortment ready for tomorrow.

Alex. Smith Carpets, Worth 75c and \$1.00 yd. 39c yd.
